Pestech bags Cambodia job

KUALA LUMPUR: Pestech International Bhd's unit, Pestech (Cambodia) Ltd, has entered into a construction deal with Alex Corp for a power project in Cambodia worth US\$100.21 million (RM444.93 million). Pestech said the project involved the design, engineering, manufacturing, installation, testing and commissioning of about 220km 230kV double-circuit transmission lines from Stung Tatay Hydro Power Plant to Phnom Penh, and supply, installation and connection of two (2) 230kV line bays at Stung Tatay HPP switchyard.
